1. The production of filament wire for lamps and tubes has decreased sharply at the RFT Berliner Gluehlampenwerk VEB and is now only about one-third of that of a year ago. At the same time, the quality of the wire has deteriorated. This factory supplies wire for all tubes in the DDR.
2. Herr Harry Berg, "hero of work" and chief of the wire department, was arrested some time ago and received a major prison sentence. The main charge against him was inefficiency.
